Siesta

Design
 Erlau in-house

Siesta

Seat and backrest of wire mesh, legs and armrests of steel tube.

Special features

Ergonomic design combined with a seat height of 470mm and built-in armrests offers greater comfort and ease of use for all, especially for the elderly and infirm. Siesta is the ideal choice for hospitals, rehabilitation centres and care homes as well as for public spaces and parks.

Fixing options

1. Stationary: secured by means of fixing plates at support leg bases.
2. Stationary: with extended support legs for embedding in concrete.
3. Movable.
